The molecular and cellular basis of regeneration and tissue repair

15 – 19 September 2018 | Valetta, Malta

**ORGANIZER**
James Godwin
The Jackson Laboratory and MDI Biological Laboratory, US

**CO-ORGANIZERS**
Kerstin Bartscherer
Max Planck Institute for Molecular Biomedicine, DE
Catherina Becker
University of Edinburgh, UK

Nadia Rosenthal
The Jackson Laboratory, US and Imperial College London, UK
Leonor Saude
University of Lisbon, PT

**SPEAKERS**
Francisco Azuaje
Luxembourg Institute of Health, LU
Kerstin Bartscherer
Max Planck Institute for Molecular Biomedicine, DE
Catherina Becker
University of Edinburgh, UK
Hans Clevers
Hubrecht Institute, NL
James Godwin
The Jackson Laboratory and MDI Biological Laboratory, US
Anne Grapin-Botton
DanStem, DK
Ellen Heber Katz
The Lankenau Institute for Medical Research, US
Phil Jones
University of Wisconsin, US
Maria Leptin
EMBL, DE
Philipp Niethammer
Memorial Sloan Kettering Cancer Center, US
Nancy Papalopulu
University of Manchester, UK
Emanuelle Passegue
Columbia University, US
Stefano Piccolo
University of Padova, IT
Ashley Seifert
University of Kentucky, US
Thomas Rando
Stanford University, US
Peter Reddien
MIT, US
Paul Riley
Oxford University, UK
Yuval Rinkevich
German Research Center for Environmental Health, DE
Marcello Rivolta
The University of Sheffield, UK
Nadia Rosenthal
The Jackson Laboratory, US and Imperial College London, UK
Leonor Saude
University of Lisbon, PT
Didier Stainier
Max Plank Institute, DE
Elly Tanaka
IMP, AT
Jessica Whited
Harvard Medical School, US
Yadong Wang
Cornell University, US
Will Wood
University of Bristol, UK
Voot Yin
MDI Biological Laboratory, US
