

India | EMBO Symposium

From synapses to memory: RNA based regulatory mechanisms

15 – 18 October 2018 | National Brain Research Center, Manesar, India

ORGANIZER

Sourav Banerjee
National Brain Research Centre, IN

CO-ORGANIZERS

Ted Abel
University of Iowa, US

Anindya Ghosh Roy
National Brain Research Centre, IN

REGISTRATION

Registration and abstract
submission deadline

15 July 2018

Student/postdoc2000 INR

Academic5000 INR

Industry.....15000 INR

CONTACT

Sourav Banerjee
EMBONBRC@GMAIL.COM

SPEAKERS

Claudia Bagni
VIB, BE

Jay M. Baraban
Johns Hopkins Medicine, US

Gary J. Bassell
Emory University School Of
Medicine, US

Timothy Bredy
Queensland Brain Institute, AT

Thomas J. Carew
New York University, US

Sumantra Chattarji
National Centre for Biological
Sciences, IN

James Chelliah
Jawaharlal Nehru Centre for
Advanced Scientific Research, IN

Mauro Costa-Mattioli
Baylor College of Medicine, US

Yishi Jin
University of California, US

Michael Kiebler
Ludwig-Maximilians-Universität
München, DE

Eric Klann
New York University, US

Tapas Kundu
Jawaharlal Nehru Centre for
Advanced Scientific Research, IN

Amitabha Majumdar
National Centre for Cell Sciences,
IN

Giovanna Mallucci
University of Cambridge, UK

Stanley McKnight
University of Washington, US

Ravi Muddashetty
Institute for Stem Cell Biology and
Regenerative Medicine, IN

Pierre Neveu
European Molecular Biology
Laboratory, DE

Emily K. Osterweil
The University of Edinburgh, UK

Mani Ramaswami
Trinity College, Dublin, IE

Gerhard Schratt
ETH, CH

Erin Schuman
Max Planck Institute for Brain
Research, DE

Shiv Kumar Sharma
National Brain Research Centre, IN

Kausik Si
Stowers Institute for Medical
Research, US

Hermona Soreq
The Hebrew University of
Jerusalem, IL

Sonja Vernes
Max Planck Institute for
Psycholinguistics, DE

Dan Ohtan Wang
Kyoto University, JP
