

Date: **Saturday, 26.7.2025**

Venue: Schelling-Forum der Bayerischen Akademie der Wissenschaften an der Universität Würzburg, Klinikstr. 3, 97070 Würzburg (<https://schelling-forum.badw.de/>)

Participants: max. 35, excluding speakers.

Registration: The Satellite Meeting is **free-of-charge** and open to the local scientific community, but **registration is required**. Please contact Antje Gohla (phosphatases2025@uni-wuerzburg.de), and please state if you wish to present a poster.

Programme

12:00 – 13:00 Arrival, light refreshments

13:00 – 13:05 Opening remarks: **Antje Gohla**, Universität Würzburg/DE

13:05 - 14:00 Icebreaker: Interactive flip chart discussions in small groups
Moderator: **Malgorzata Trebacz**, Anavo Therapeutics, Heidelberg/DE

14:00 – 17:30 Session on drug development: academia and industry perspectives
Chair: **Zoltan Nagy**, Universität Würzburg/DE

14:00 – 14:30 **Rebecca Page**, UConn Health/US: Structural biology for the development of phosphatase-based approaches in treating disease

14:30 – 15:00 **Marc Nazaré**, FMP Berlin/DE: Labelled chemical probes for pharmacology and phosphatases

15:00 - 15:30 **Gerhard Hessler**, Sanofi, Frankfurt/DE: In silico drug design

15:30 – 16:00 Coffee break

16:00 – 16:30 **Maja Köhn**, Universität Bonn/DE: Chemical phosphatase modulators and (phospho)proteomic readouts

16:30 – 17:00 **Gunnar Knobloch**, Eisbach Bio, München/DE: High-throughput screening at Eisbach Bio.

17:00 – 17:30 **Simon Davis**, University of Oxford/UK: Developing therapeutics for inflammatory diseases – experiences with the Biotech spinout MiroBio

17:30 – 19:00 Poster discussions (posters of local early-career scientists)

19:00 - 20:00 Wrap-up of flip chart discussions
Chair: **Malgorzata Trebacz**, Anavo Therapeutics, Heidelberg/DE

20:00 Dinner
