

EMBO Workshop

Enhanceropathies: Understanding enhancer function to understand human disease

25 – 28 May 2020 | Santander, Spain

ORGANIZER

Álvaro Rada-Iglesias
Institute of Biomedicine and
Biotechnology of Cantabria, ES

CO-ORGANIZERS

Salvatore Spicuglia
INSERM, Aix-Marseille University, FR

Susanne Mandrup
University of Southern Denmark, DK

REGISTRATION

Application deadline

3 April 2020

Student/Postdoc 525 EUR

Academic 600 EUR

Industry 750 EUR

CONTACT

alvaro.rada@unican.es

SPEAKERS

Ana Claudia Marques
University of Lausanne, CH

Ana Pombo
Max Delbrück Center for
Molecular Medicine, DE

Axel Visel
DOE Joint Genome Institute, US

Bart Deplancke
Swiss Federal Institute of
Technology in Lausanne, CH

Christa Bücker
Max F. Perutz Laboratories, AT

Christopher Glass
University of California San
Diego, US

Darío Lupiáñez
Max Delbrück Center for
Molecular Medicine, DE

Gerd Blobel
University of Pennsylvania, US

Gioacchino Natoli
Humanitas University, IT

Joanna Wysocka
Stanford University, US

Jorge Ferrer
Centre for Genomic Regulation,
ES

Joris Van Arensbergen
Netherlands Cancer Institute, NL

**José Luis
Gómez-Skarmeta**
Centro Andaluz de Biología del
Desarrollo, ES

Judith Zaugg
European Molecular Biology
Laboratory, DE

Marian Ros
Institute of Biomedicine and
Biotechnology of Cantabria, ES

Pelin Sahlén
Royal Institute of Technology, SE

Robin Andersson
University of Copenhagen, DK

Stefan Mundlos
Max Planck Institute for
Molecular Genetics, DE

**Tatjana
Sauka-Spengler**
University of Oxford, UK

Wendy Bickmore
University of Edinburgh, UK

Wouter de Laat
Hubrecht Institute, NL
