

Plant genome stability and change 2020

5 – 8 December 2021 | Leiden, the Netherlands

ORGANIZERS

Sylvia de Pater
Leiden University, NL

Anne Britt
University of California Davis, US

Teresa Roldan Arjona
University of Cordoba, ES

Dorothy Shippen
Texas A&M University, US

Seiichi Toki
Ryukoku University and National Agriculture
and Food Research Organization, JP

REGISTRATION

Registration deadline

15 November 2021

Abstract submission deadline

1 December 2021

Student.....75 EUR

Postdoc/Academic.....75 EUR

Industry..... 200 EUR

SPEAKERS

Aleš Pečinka
Institute of Experimental Botany, CR

Caixia Gao
Institute of Genetics and Developmental Biology,
CN

Cathy Melamed-Bessudo
The Weizmann Institute of Science, IL

Dan Voytas
University of Minnesota, US

Dorothy Shippen
Texas A&M University, US

Fabien Nogué
IJPB-INRA Versailles, FR

Haico van Attikum
Leiden University Medical Center, NL

Holger Puchta
Karlsruhe Institute of Technology, DE

Julie Law
Salk Institute of Biological Studies, US

Kirsten Bomblies
ETH Zurich, CH

Marcel Tijsterman
Leiden University Medical Center, NL

Mathilde Grelon
IJPB-INRA Versailles, FR

Paul Hooykaas
Leiden University, NL

Seiichi Toki
Ryukoku University and National Agriculture
and Food Research Organization, JP

Teresa Roldan Arjona
University of Cordoba, ES
