

Proteostasis: From translation to degradation

17 – 21 November 2023 | Ericeira, Portugal

Organizer

Sivan Henis-Korenblit
Bar-Ilan University, IL

Co-organizers

Colin Adrain
Queen's University Belfast, UK

Luis Valente
The Instituto Gulbenkian Ciência, PT

Pedro Domingos
ITQB-UNL, PT

Sandra Tenreiro
Nova Medical School UNL, PT

Registration

Abstract submission deadline
1 September 2023

PhD students 350 EUR
Academic 550 EUR
Industry 700 EUR

Speakers

Andrew Dillin
UC Berkeley, US

Anne Bertolotti
MRC LMB, UK

Anne Simonsen
University of Oslo, NO

Avi Ashkenazi
Genentech, US

Brenda Schulman
Max Planck Institute of Biochemistry, DE

David Ron
University of Cambridge, UK

Deepika Vasudevan
University of Pittsburgh, US

Elilka Weber Ban
ETH Zurich, CH

Elke Deuerling
University of Konstanz, DE

Eric Chevet
INSERM, FR

Erin Schuman
Max Planck Institute for Brain Research, DE

Heike Laman
University of Cambridge, UK

Hyung Don Ryoo
NYU Grossman School of Medicine, US

Itay Koren
Bar-Ilan University, IL

Jonathan Weissman
MIT, US

Judyth Frydman
Stanford University, US

Lena Pernas
Max Planck Institute for the Biology of Ageing, DE

Maria Hatzoglou
Case Western University, US

Matthew Freeman
University of Oxford, UK

Maya Schuldiner
Weizmann Institute, IL

Mehdi Jafarnejad
Queen's University Belfast, UK

Nick Baker
Albert Einstein School of Medicine, US

Norbert Perrimon
Harvard Medical School, US

Paula Ludovico
University of Minho, PT

Paulo Pereira
Nova Medical School UNL, PT

Ramanujan Hegde
MRC Laboratory of Molecular Biology, UK

Rick Morimoto
Northwestern University, US

Rina Rosenzweig
Weizmann Institute of Science, IL

Ron Kopito
Stanford University, US

Simona Polo
IFOM, IT

Sophie Janssens
VIB UGent, BE

Tiago Cordeiro
ITQB-UNL, PT

Tiago Outeiro
University Medical Center Göttingen, DE

Ulrike Topf
Polish Academy of Sciences, PL
