

Trafficking and Glycosylation at the Golgi apparatus

16 – 19 April 2024 | Sorrento, Italy

Organizer

Katrine T Schjoldager

University of Copenhagen, DK

Co-organizers

Domenico Russo

Institute of Experimental Endocrinology & Oncology-CNR, IT

Seetharaman Parashuraman

Institute of Experimental Endocrinology & Oncology-CNR, IT

Registration

Abstract submission deadline

20 February 2024

Students/Postdocs 650 EUR

Academic 850 EUR

Industry 1100 EUR

Speakers

Henrik Clausen

University of Copenhagen, DK

Giovanni D'Angelo

École Polytechnique Fédérale de Lausanne, CH

Deborah Fass

Weizmann Institute of Science, IL

Alison K Gillingham

Medical Research Council-LMB, UK

Benjamin Glick

University of Chicago, US

Malin Johansson

University of Gothenburg, SE

Lu Lei

Nanyang Technological University, SG

Alberto Luini

Institute of Experimental Endocrinology & Oncology-CNR, IT

Vladimir Lupashin

University of Arkansas for Medical Sciences, US

Stacy Malaker

Yale University, US

Vivek Malhotra

Centre for Genomic Regulation, ES

Rebecca Miller

University of Copenhagen, DK

Akihiko Nakano

RIKEN Center for Advanced Photonics, JP

Franck Perez

Institut Curie & Université PSL, FR

Katrine T Schjoldager

University of Copenhagen, DK

Benjamin Schumann

The Francis Crick Institute, UK

Anne Spang

Biozentrum & University of Basel, CH

Kelly Ten Hagen

National Institute of Dental and Craniofacial Research & NIH, US

Daniel Ungar

University of York, UK

Yvette Van Kooyk

Amsterdam UMC & Vrije Universiteit Amsterdam, NL

Julia Von Blume

Yale University, US
