

Structure, dynamics and function of biological macromolecules by NMR

30 August – 6 September 2024 | Grenoble, France

ORGANIZERS AND CO-ORGANIZERS

Malene Jensen

Institute of Structural Biology, FR

Michael Sattler

TUM and Helmholtz Munich, DE

Sebastian Hiller

Biozentrum, University of Basel, CH

Stephan Grzesiek

Biozentrum, University of Basel, CH

Michael Nilges

Institut Pasteur, FR

Abstract submission

1 May 2024

Registration

1 May 2024

INSTRUCTORS

Lucia Banci

CERM, IT

Peter Güntert

University of Frankfurt, DE

Katja Petzold

University of Uppsala, SE

Martin Blackledge

Institute of Structural Biology, FR

Sebastian Hiller

Biozentrum, University of Basel, CH

Roland Riek

ETH, CH

Bernhard Brutscher

Institute of Structural Biology, FR

Nadia Izadi-Pruneyre

Institut Pasteur, FR

Michael Sattler

TUM and Helmholtz Munich, DE

Frank Delaglio

University of Maryland, US

Malene Jensen

Institute of Structural Biology, FR

Anne Schütz

LMU Munich, DE

Isabella Felli

CERM, IT

Helen Mott

University of Cambridge, UK

Nico Tjandra

NIH, US

Christian Griesinger

MPI Göttingen, DE

Daniel Nietlispach

University of Cambridge, UK

Geerten Vuister

Leicester University, UK

Stephan Grzesiek

Biozentrum, University of Basel, CH

Michael Nilges

Institut Pasteur, FR
