

Immunobiophysics: From fundamental physics to understanding the immune response

27 April – 2 May 2025 | Les Houches, France

ORGANIZERS AND CO-ORGANIZERS

Paolo Pierobon
CNRS/Institut Cochin, FR

Jérémie Rossy
University of Konstanz, CH

Katelyn Spillane
Imperial College London, UK

Bebhinn Treanor
University of Toronto, CA

Daan Vorselen
Wageningen University & Research, NL

Julien Husson
LadHyX, FR

Hélène Moreau
Institut Curie, FR

Pierre-Henri Puech
Lab Adhesion & Inflammation, FR

Kheya Sengupta
CINAM, FR

Abstract submission & Registration
2 December 2024

SPEAKERS

Grégoire Altan-Bonnet
Centre for Cancer Research – NIH, US

Maté Biro
EMBL, AU

Yolanda Carrasco
National Centre for Biotechnology, ES

Alba Diz-Muñoz
EMBL, DE

Robert Endres
Imperial College London, UK

Kristina Ganzinger
Amolf, NL

Wanli Liu
Tsinghua University, CN

Shalini Low-Nam
Purdue University, US

Meghan Morrissey
UC Santa Barbara, US

Alice Nicolas
CNRS, FR

Jörg Renkawitz
Biomedical Center Munich, DE

Philippe Robert
Laboratoire Adhésion & Inflammation, FR

Verena Ruprecht
Centre for Genomic Regulation, ES

Sarah Shelby
University of Tennessee, US

Shenshen Wang
UCLA, US

Valerie Weaver
UC San Francisco, US
