

Adherent microbial communities:

Quantitative approaches from single cell to ecosystems

10 – 14 October 2022 | Cargese, France

Organizers

Nelly Henry

Sorbonne University, FR

Tâm Mignot

CNRS-Aix MArseille University, FR

Agnese Seminara

University of Genoa, IT

Francine Vêrin

CNRS-Aix MArseille University, FR

Registration

Abstract submission deadline

31 May 2022

Student/Postdocs 420 EUR

Academic 520 EUR

Speakers

Nicolas Biais

Sorbonne University, FR

Alma Dal Co

University of Lausanne, CH

Maxime Deforet

Sorbonne University, FR

Guillaume Dumenil

Pasteur Institute, FR

Andrew Goodman

Yale School of Medicine, US

Kimberly Kline

Nanyang technological university, SG

Helene Morlon

ENS, FR

Jean Ollion

SABilab, FR

Teuta Pilizota

University of Edinburgh, UK

Lydia Robert

INRAE, FR

Gregory Velicer

ETH, Zürich, CH

Marvin Whiteley

Georgia Tech, US

Athanasios Typas

EMBL, Germany
