

# Mechanisms of citrullination regulation in health and disease

8 – 11 July 2024 | Toulouse, France

## Organizers

### Priyanka Sharma

Institute of Pharmacology and Structural Biology, FR

### Francoise Viala (Admin)

Institute of Pharmacology and Structural Biology, FR

### Isabelle Saves (Admin)

Institute of Pharmacology and Structural Biology, FR

## Co-organizers

### Maria Christophorou

The Babraham Institute, UK

### Michel Simon

Toulouse Institute for Infectious and Inflammatory Diseases, FR

## Registration

### Abstract submission deadline

21 May 2024

### Student/Postdocs

(in-person/virtual)..... 350/150 EUR

### Academic

(in-person/virtual)..... 550/300 EUR

### Industry

(in-person/virtual)..... 850/500 EUR

## Speakers

### Brian Cherrington

University of Wyoming Laramie, US

### Maria Christophorou

The Babraham Institute, UK

### Marco De Andrea

University of Turin Medical School, IT

### Maria Genander

Karolinska Institutet, SE

### Sergei Grigoryev

Penn State College of Medicine, US

### Jyrki Heino

University of Turku, FI

### I-Cheng Ho

Brigham and Women's Hospital Harvard Medical School, US

### Anna Huttenlocher

University of Wisconsin, US

### Mariana Kaplan

National Institutes of Health, US

### Xisong Ke

Shanghai University of Traditional Chinese Medicine, CN

### Sigrun Lange

University of Westminster, UK

### Kimberly Martinod

Centre for Molecular and Vascular Biology, BE

### Avinash Padhi

Karolinska Institutet, SE

### Ger Pruijn

Radboud University, NL

### Marco Radic

University of Tennessee Health Science Center, US

### Guy Serre

Toulouse Institute for Infectious and Inflammatory Diseases, FR

### Priyanka Sharma

Institute of Pharmacology and Structural Biology, FR

### Miriam Shelef

University of Wisconsin-Madison, US

### Michel Simon

Toulouse Institute for Infectious and Inflammatory Diseases, FR

### Nicholas Thangue

Oxford University, UK

### Paul Thompson

UMass Chan Medical School, US

### Louise Walport

The Francis Crick Institute, UK

### Xuoshang Xu

University of Massachusetts Chan Medical School, US

### Li Yang

Center for Cancer Research, NIH, US

### Xuesen Zhang

Nanjing Medical University, CN

## Contact

### Francoise Viala
