

Plant genome stability and change

16 – 19 June 2024 | Olomouc, Czech Republic

Organizers

Ales Pecinka

Institute of Experimental Botany, CZ

Co-organizers

Teresa Roldán-Arjona

Córdoba University, ES

Ian Henderson

University of Cambridge, UK

Julie Law

Salk Institute for Biological Studies, US

Sylvia de Pater

Leiden University, NL

Holger Puchta

Karlsruhe Institute of Technology, DE

Masaki Endo

National Agriculture and Food Research Organization, JP

Eva Dvořák Tomašíková

Institute of Experimental Botany, CZ

Speakers

Jiří Fajkus

CEITEC & Masaryk University, CZ

Steve E. Jacobsen

HHMI/University of California LA, US

Julie Law

Salk Institute for Biological Studies, US

Martina Dvorackova

CEITEC & Masaryk University, CZ

Keith Slotkin

Donald Danforth Plant Science Center & University of Missouri, US

Stefanie Rosa

University of Agricultural Sciences, SE

Shunping Yan

Huazhong Agricultural University, CN

Lieven de Veylder

VIB-UGent, BE

Teresa Roldán-Arjona

IMIBIC & Universidad de Córdoba, ES

Takuya Sakamoto

Tokyo University of Science, JP

Caixia Gao

State Key Laboratory of Plant Cell and Chromosome Engineering, CN

Yiping Qi

University of Maryland, US

Mathilde Grelon

IJPB - INRAE, FR

Chris Morgan

John Innes Centre, UK

Karel Riha

CEITEC & Masaryk University, CZ

Isabelle Colas

The James Hutton Institute, UK

Kirsten Bomblies

ETH Zurich, CH

Grey Monroe

University of California Davis, US

Registration

Abstract submission deadline

10 March 2024

Student/Postdocs ... 300 EUR

Academic 500 EUR

Industry 800 EUR
