

Enhancer Mechanics and Enhanceropathies

16 – 20 June 2025 | Middelfart, Denmark

ORGANIZER AND CO-ORGANIZERS

Susanne Mandrup
University of Southern Denmark, DK

Alvaro Rada-Iglesias
Institute of Biomedicine and
Biotechnology of Cantabria, ES

Minna Kaikkonen-Määttä
University of Eastern Finland, FI

Abstract submission
17 March 2025

Registration
1 April 2025

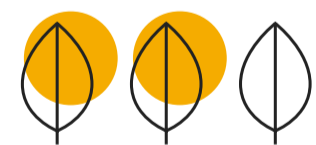

SPEAKERS

Alexander Stark
The Research Institute of Molecular
Pathology, AT

Elzo de Wit
Netherlands Cancer Institute, NL

Melina Claussnitzer
Harvard Medical School, MGH; Novo
Nordisk Foundation Center for Genomic
Mechanisms of Disease at the Broad
Institute of MIT and Harvard, US

Sustainable event

Biswajyoti Sahu
Centre for Molecular Medicine Norway at
the University of Oslo, NO

Emma Farley
University of California, US

Gordon Hager
Center for Cancer Research, National
Cancer Institute, NIH, US

Minna Kaikkonen-Määttä
University of Eastern Finland, FI

Bo Porse
University of Copenhagen, DK

Ibrahim Cissé
Max Planck Institute of Immunobiology
and Epigenetics, DE

Mounia Lagha
Institute of Molecular Genetics of
Montpellier, FR

Christa Buecker
Max F. Perutz Laboratories, AT

Joanna Wysocka
Stanford University & HHMI, US

Olivia Corradin
Whitehead Institute & MIT, US

Denes Hnisz
Max Planck Institute for Molecular
Genetics, DE

Luca Giorgetti
Friedrich Miescher Institute for
Biomedical Research, CH

Salvatore Spicuglia
TAGC, INSERM, Aix-Marseille
University, FR

Douglas Higgs
Weatherall Institute of Molecular
Medicine, UK

Marieke Oudelaar
Max Planck Institute for Multidisciplinary
Sciences, DE

Takashi Fukaya
The University of Tokyo, JP

Eileen Furlong
EMBL Heidelberg, DE

Thomas Gregor
Princeton University, US
& Institut Pasteur, FR

Elfride De Baere
University of Ghent, BE
