

# The cell cycle:

## exploring conservation and divergence in life's engine

5 – 7 October 2026 | Lisbon, Portugal

### ORGANIZERS AND CO-ORGANIZERS

**Joao Matos**  
Max Perutz Labs, AT

**Silvia Santos**  
The Francis Crick Institute, UK

### SPEAKERS

**Alexis Barr**  
Imperial College London, UK

**Buzz Baum**  
MRC Laboratory of Molecular Biology, UK

**Elvan Boke**  
Centre for Genomic Regulation, ES

**Arshad Desai**  
University of California, US

**John Diffley**  
The London Crick Institute, UK

**Matilde Galli**  
Hubrecht Institute, NL

**Basil Greber**  
The Institute of Cancer Research, UK

**Rebecca Heald**  
University of California, US

**Tomoya Kitajima**  
RIKEN Center for Biosystems Dynamics  
Research, JP

**Helder Maiato**  
University of Porto, PT

**Tobias Meyer**  
Weill Cornell Medicine, US

**Gabriel Neurohr**  
ETH Zürich, CH

**Snezhana Oliferenko**  
The Francis Crick Institute, UK

**Piotr Sicinski**  
Harvard Division of Medical Sciences, US

**Sabrina Spencer**  
University of Colorado, US

**Anne Marie Wehenkel**  
Institut Pasteur, FR

**Wolfgang Zachariae**  
Max-Planck-Institute for Biochemistry, DE

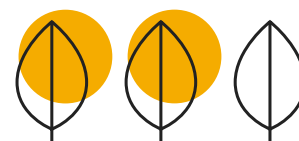

Abstract submission

**15 June 2026**

Registration

**31 May 2026**

Sustainable event
