

Molecular mechanisms of selfish elements and strategies

8 – 11 February 2026 | Bern, Switzerland

Illustration: Oriane Masserey

ORGANIZERS AND CO-ORGANIZERS

Luca Soldini
University of Lausanne, CH

Laura Ross
University of Edinburgh, GB

Tanja Schwander
University of Lausanne, CH

Axel Imhof
LMU München, DE

SPEAKERS

Alejandro Burga
Institute of Molecular Biotechnology, AT

Daisuke Kageyama
Institute of Agrobiological Sciences, JP

Reka Kelemen
University of Zurich, CH

Amanda Larracuente
University of Rochester, US

Karine Van Doninck
Université Libre de Bruxelles, BE

Robert Kofler
Vetmeduni, AT

Amelia Lindsey
University of Minnesota Twin Cities, US

Kevin Wei
University of British Columbia, CA

Sarah Zanders
Stowers Institute, US

Andre Pires da Silva
University of Warwick, GB

Marie Delattre
ENS Lyon, FR

Steve Perlman
University of Victoria, CA

Andreas Houben
Leibniz Institute, DE

Marion Herbette
University of Edinburgh, GB

Lila Fishman
University of Montana, US

Benjamin Loppin
ENS Lyon, FR

Nicky Wybouw
Ghent University, BE

Christina Hodson
University College London, GB

Radka Reifová
Charles University, CZ

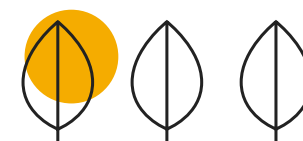

Abstract submission

15 December 2025

Registration

15 January 2026

Sustainable event
