

EMBO
Workshop

Cycling towards fate:
cell-cycle control in development

7 – 10 June 2027 | Amsterdam, Netherlands

ORGANIZERS AND CO-ORGANIZERS

Matilde Galli
Hubrecht Institute for Molecular and Developmental Biology, NL

Stefano di Talia
Duke University School of Medicine, US

Silvia Santos
The Francis Crick Institute, UK

SPEAKERS

Amanda Amodeo
Dartmouth College, US

Buzz Baum
MRC Laboratory of Molecular Biology, UK

Laura Buttitta
University of Michigan, US

Agathe Chaigne
Utrecht University, NL

Omaya Dudin
University of Geneva, CH

Bruce Edgar
University of Utah, US

Lendert Gelens
KU Leuven, BE

Anna Kicheva
Institute of Science and Technology Austria (ISTA), AT

Allon Klein
Harvard Medical School, US

Yumi Konagaya
RIKEN Center for Biosystems Dynamics Research (BDR), JP

Pablo Lara-Gonzalez
UC Irvine, US

Alice Meunier
Institut de Biologie de l'ENS (IBENS), CNRS, FR

Anna Philpott
University of Cambridge, UK

Lionel Pintard
Institut Jacques Monod, FR

Nicolas Plachta
University of Pennsylvania, US

Sergi Regot
Johns Hopkins University School of Medicine, US

Peter Sicinski
Dana-Farber Cancer Institute, US

Sara Simonini
University of Zurich, CH

Ina Sonnen
Hubrecht Institute, NL

Nicolas Tapon
The Francis Crick Institute, UK

Registration
1 February 2027
