Immunobiophysics:
from fundamental physics to understanding the immune response

12 – 17 April 2027 | Oxford, United Kingdom

ORGANIZERS AND CO-ORGANIZERS

Omer Dushek
University of Oxford, UK

Daan Vorselen
University Medical Center Utrecht, NL

Paolo Pierobon
CNRS/Institut Cochin, FR

Kheya Sengupta
CNRS/CINAM, FR

Bebhinn Treanor
University of Toronto, CA

SPEAKERS

Grégoire Altan-Bonnet
National Cancer Institute, NIH, US

Henry de Belly
UT Southwestern, US

Michael Dustin
University of Oxford, UK

Daniel Fletcher
University of California Berkeley, US

Claire Hivroz
Institut Curie, FR

Darrell Irvine
Scripps Research, US

Jean-François Joanny
Institut Curie, FR

Sudha Kumari
Indian Institute of Science, IN

Ana-Maria Lennon Dumenil
Institut Curie, FR

Judith Mandl
McGill University, CA

Andreas Mayer
University College London, UK

Cornelia Monzel
University of Stuttgart. DE

Michael Sixt
Institute of Science and Technology Austria, AT

Ana-Suncana Smith
Friedrich-Alexander-Universität Erlangen-Nürnberg, DE

Erdinc Sezgin
Karolinksa Institutet, SE

Emma Slack
ETH Zurich, CH & University of Oxford, UK

Sarah Veatch
University of Michigan, US

María Isabel Yuseff
Pontificia Universidad de Chile, CL

Abstract submission
4 December 2026

Registration deadline
4 December 2026

Sustainable event
